**Our profile**

The CC Foundation is a non profit charity organisation formed by former students of Rusununguko High School under the patronage of Mr Emmanuel Magade who is the Dean of the faculty of law at

the university of Zimbabwe and the chairmanship of Former Student, Dr Brighton Chireka who is a General practitioner and a Patient Engagement Advocate based in Kent, United Kingdom , to provide financial support and services for students in need.

### **HOW IT ALL BEGAN**

It came about when we were told in 2013 that there was a student at Rusununguko High School Bromley Zimbabwe, who got 15 points at A level and secured a place to study medicine at the University of Zimbabwe but had to defer his place due to financial difficulties. We were touched by this story and teamed up with a few people. We thought of doing something about it hence the idea of launching a foundation to help such students. The CC foundation was launched in December 2013 and today we have that student at the University of Zimbabwe Medical School studying to become a doctor . We are committed to see him through his studies.

Such situations sometimes brings despair or hopelessness but we saw an opportunity to help students who find themselves in situations like these. We did not think of going to beg from big organisations or play the blaming game. We realised that we had to look at what was in our hands and start using that before we could shout for help. We are determined and committed to this cause and we are aware that it's not a one off event but a life commitment to make sure that one day we will have people that will testify that the foundation did change their lives for the better.

### **Vision for the CC foundation**

The foundation believes that if resources are available every person must realise their full educational potential regardless of their political affiliation,religious beliefs as well as their financial capability.

Through project that raises the education of the underprivileged students in Zimbabwe, the Foundation endeavours to:

- 1- To assist underprivileged students with finances to realize their full academic potential.
- 2-To help all students realize their full educational potential to become productive members of society.
- 3-To provide mentorship, role modeling and coaching to underprivileged students.
- 4-To provide financial support to students who cannot afford it.
- 5-To improve the quality of education for students with the minimum of administrative expenses.
- 6-Generally to do or undertake all or any such acts, matters or things as are incidental or conducive to the attainment of all or any of the foregoing objects.

A board of trustees made up of former students of Rusununguko High School decides on the projects . A trustee fund was started and the bank account and funds are managed by a reputable law firm called Musingi and Mugadza Legal practitioners.

Kind donations from well washers , former students , business people and fundraising activities fund the Foundation. all beneficiaries shall have to put their applications for support to the board of trustees who shall make a decision on a case by case basis. The accounts shall be audited by internal and external auditors and honesty and transparency is the way of working in the Foundation.

This year we are making a 10 thousand dollars appeal to support gifted, talented and intelligent students who cannot afford their school fees in Zimbabwe. We also have hardship fund to help parents who are struggling to schools for their children. At the moment because of resources constraints we are mainly focussing on students from Rusununguko High School in Bromley Zimbabwe. We hope to cover as many schools as we can hence our humble appeal for 10 thousand US dollars this year.

We will have a fundraising Dinner Dance on the 3rd October 2015 at Crowne Plaza Hotel in Harare where we hope to reach or pass our target . We thank you for the support and we want to reassure you that the money is handled by a reputable law firm in Zimbabwe in a trustee account. Let's dig into our pockets and you never know that the person you help may be your relative or you when in need. It also feels good to know that someone can say because of you their life was changed for the better.

We have two options for making donations.
